# Taking Care of your Daily Faxing

Ricoh's FAX2210L offers you the latest in high performance faxing. With its 16 ppm print speed, 33.6 Kbps modem speed and 1.5 second scan speed, this system eliminates any waiting time. When compared to other means, fax systems provide speed and reliability, especially important in today's business world. In addition, fax transmission is very secure: within seconds you are guaranteed of the delivery of your message. Yet, faxing is only one of this device's strengths: you also obtain a 600 dpi quality printer and a 600 x 300 dpi colour scanner! The FAX2210L offers you all its capabilities in a compact design with small footprint. And of course this all-in-one Ricoh solution remains easy to use and maintain. The FAX2210L is exactly what your business environment needs to boost productivity and gain that extra competitive edge!

# For an Accelerated Fax Workflow

As you require a fax solution for daily use, you need a highly productive and easy to use system. The FAX2210L combines these strengths and more to let you benefit from excellent time and cost efficiency. High speeds, a professional look and feel, compactness, easy operation and maintenance: the FAX2210L has it all in store.

## Save Time and Costs

Your busy schedule does not allow you to waste precious time. The FAX2210L helps you in that respect. With 16 ppm, increased productivity is a guarantee. Transmission is taken care of in a mere 3 seconds thanks to the system's high performance 33.6 Kbps modem. For optimal time efficiency, you can scan documents into memory while sending/receiving other faxes (Dual Access) or send faxes to numerous locations at the same time (Broadcasting).

## Compact and Straightforward Operation

Thanks to the FAX2210L's compact and space efficient design, it fits anywhere in your office without intruding on valuable workspace. Transmitting faxes is very easy with the FAX2210L's simplified operation panel. Toner replacement is also trouble free: you simply open the front of the machine, pull out the all-in-one cartridge and replace it with a new one.

Next to fast fax communication, the FAX2210L offers high quality printing and scanning.

## A Professional Fax Workflow

With many tasks at hand, frequent paper refilling is something you can do without. Next to the FAX2210L's standard 250-sheet capacity, you can add an extra 250-sheet paper tray so you can send and receive fax messages continuously. Should paper or toner run out, the system's 5 MB memory makes sure you do not miss out on important information: up to 400 pages of incoming fax messages can be stored.

## Faxing at your Convenience

You might think sending larger fax messages takes quite some time. Not with the FAX2210L's Auto Document Feeder: up to 50 pages can be sent at once. To further optimise your efficiency, you can program 40 quick dials and 150 speed dials with often used numbers of contacts, clients and suppliers.

## High Quality Printing & Scanning

What would you say to print and colour scan capabilities? Not in expensive stand alone devices but combined in the FAX2210L. On top of its outstanding fax features, the FAX2210L comes as a complete multifunctional solution offering 16 ppm laser printing (at true 600 dpi resolution) from your connected PC and 600 x 300 dpi (colour) scanning.

To cope with heavy fax traffic, you can add an extra 250-sheet paper tray and send and receive fax messages continuously.

Sending faxes is ever so easy using the system's handy operation panel.

## Specifications

### GENERAL

Type:	Desktop type transceiver
Circuit:	PSTN, PABX
Compatibility:	ITU-T Super G3 machines
Modem speed:	33.6 Kbps
Transmission speed:	3 seconds
Compression method:	MH, MR, MMR, JBIG
Quick dial:	40 numbers
Speed dial:	150 numbers
Paper input capacity:	250-sheet paper tray + 1-sheet bypass tray
ADF capacity:	50 sheets
Memory capacity:	5 MB (400 pages) <sup>1</sup>
Memory backup:	72 hours
Document size:	A4
Halftone:	256 level
Scan speed:	1.5 seconds
Scan resolution:	Standard/Fine/Super Fine/Photo
Dimensions (W x D x H):	388 x 417 x 335 mm
Weight:	11 kg
Power source:	220 - 240 V, 50/60 Hz
Power consumption (energy saver mode):	Less than 15 W

### COPIER

Copy speed:	16 copies per minute
Resolution:	600 x 300 dpi
Enlargement/reduction:	50 - 150%

### PRINTER

Print speed:	16 prints per minute
Printer language/resolution:	GDI/600 x 600 dpi
Drivers:	Windows® 95/98/Me/XP/NT4.0/2000
Interface:	USB2.0 Parallel Port IEEE1284 (ECP)

### SCANNER (COLOUR)

Scanner language/resolution:	TWAIN/600 x 300 dpi
Drivers:	Windows® 95/98/Me/XP/NT4.0/2000
Interface:	USB2.0 Parallel Port IEEE1284 (ECP)

### CONSUMABLES

- All-in-one cartridge (starter cartridge included)

### OPTION

- 250-sheet paper tray
