Compact and durable A4 MFPs for daily use

The SP 3600SF/SP 3610SF offer everything you need for cost-effective black-and-white printing, copying, scanning and faxing. With an attractive purchase price and low Total Cost of Ownership these multifunctional devices are a sensible long-term investment. To optimise your office productivity, Ricoh's new controller offers outstanding speeds and performance. In addition, these devices fit easily on a desktop for quick operation and easy maintenance thanks to their small footprint and full front access. In short, the SP 3600SF/SP 3610SF will help you become even more productive, day in, day out, in an environmentally responsible manner.

- Save money with a low Total Cost of Ownership.
- Save space thanks to a compact, small footprint.
- Create high quality documents with 1,200 dpi printing.
- Easy operation and maintenance.
- Reduce your environmental impact: low power consumption.

High productivity; low environmental impact

Highly productive

Equipped with the latest Ricoh controller, the SP 3600SF/SP 3610SF offer high performance as well as fit-for-purpose functionality. Your first printout is ready in just 6.5 seconds, after which these devices speed along at 30 pages per minute. The single pass duplex scanner (SP 3610SF) ensures further productivity. Print resolution on the other hand is a high 1,200 x 1,200 dpi. To top it off, both devices are suitable for a duty cycle of 50,000 prints while @Remote is included as standard and WiFi connectivity is optional.

Low Total Cost of Ownership

With a competitive price and low Total Electricity Consumption, the SP 3600SF/SP 3610SF are attractive purchases for small- to medium-sized offices. The PxP toner fuses at a lower temperature than normal, reducing energy costs. Toner consumption can be limited by using the 'toner save' feature. Running costs are driven down further thanks to the separate PCDU and toner. This means you can change them independently, instead of having to replace the complete all-in-one cartridge.

Compact and easy to operate

Thanks to their small footprint, the SP 3600SF/SP 3610SF easily fit on any office desktop. Full front access is guaranteed for trouble-free maintenance. These devices are also a delight to use thanks to the 4-line LCD panel and short recovery from sleep: ready for action in no time!

Environmentally friendly

The Ricoh philosophy is to provide optimal performance with the lowest environmental impact. With the SP 3600SF/SP 3610SF's ultra-sleep and ECO modes energy consumption and CO2 emissions are reduced to a minimum. During the design phase, recycled and bio-plastic components are used wherever possible. In addition, power consumption during operation is lowest in class and the use of toner and paper is efficiently managed to save resources.

SP 3600SF/SP 3610SF

MAIN SPECIFICATIONS

GENERAL

Warm-up time: 19 seconds First output speed: 6.5 seconds Continuous output speed: 30 pages per minute Standard: 512 MB Memory: Duty cycle: 50,000 prints per month Dimensions (W x D x H): 400 x 392 x 406 mm

Weight: 19 kg

220 - 240 V, 50/60 Hz Power source

COPIER

Copying process: Laser beam scanning and electro-

photographic printing

Multiple copying: Up to 99 copies 600 x 600 dpi Resolution:

Zoom: From 25% to 400% in 1% steps

PRINTER

Printer language: Standard: PCL5ePCL6Adobe®

PostScript® 3™

Print resolution: $300 \times 300 \text{ dpi}, 600 \times 600 \text{ dpi}, 1,200 \times$
